Audio: I Will Call In (Global Access)

Icons in and below allows Hosts, Presenters and Participants to manage the computer audio option.

Connect to the meeting audio by manually dialing the telephone number and access codes provided (global access):

1. For global call-in click on the "All global Call-in Numbers" to display the global menu.
2. Next, type in search box for the country you are call from to access the appropriate **toll number**.
3. If provided dial the phone number listed
4. Enter the meeting access code, and enter the attendee ID #.
5. Close the window.
